**Saturday workshops:** Please indicate your 1st, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> choice on the previous page. We will do our best to respect your preferences but workshops will be filled as requests are received.

**A: Impact and Resilience**

Resilience is the true measure of impact at the grassroots in Africa. This workshop explores community-based responses to the AIDS pandemic in Africa and the role of the SLF and more importantly, our African partners, in challenging and redefining measures of “success” at community-level, nationally and internationally.

**B: Continuing the Conversation**

In this workshop you will hear more from our special guests: the African grandmothers and project staff who are visiting in honour of the Campaign’s 10 Year Anniversary. This is a wonderful opportunity for deeper conversation, asking questions and sharing your group’s activities, successes and plans for the future

**C: Getting Connected**

Trying to branch out in your fundraising efforts? Want to make use of the many online tools out there but aren’t sure where to start? In this workshop you will learn how to use two key tools—Facebook and the SLF’s online fundraising pages. Both of these online tools will help you to expand your fundraising reach. You might even get a sneak peek at a new project we are working on. There will be tutorials and lots of time for questions!

**D: Ida Nambeya**

Ida Nambeya, Consultant to the Grandmothers Campaign, will share stories from her most recent visit with community-based organizations in Zambia. Ida spoke with grandmothers, grandchildren, and local organization staff members about grandmothers’ initiatives, as well as the successes of, and challenges currently facing, grandmothers and their communities
